

Consultant- HERON EVIDENCE DEVELOPMENT AB

Job Description

Title

Consultant, Heron Evidence Development AB [registration in process]

Reporting to

Director, HERON Evidence Development AB

Contract Type

The permanent position is suitable for full-time employees only.

About HERON

HERON is a leading international health outcome, pricing and market access consultancy focused on enabling the healthcare industry to realise the value of its drugs, devices and other products. HERON specialises in providing highly scientific evidence to meet the needs of our Swedish and global clients. This includes systematic reviews, economic evaluation and pricing and reimbursement intelligence for Swedish and Global clients.

HERON thrives on being the best in its field. We embrace innovation and understand the value it brings. We have an unrivalled human resource make-up of health economists, statisticians, mathematicians, evidence-based medicine specialists and pricing and reimbursement experts. We're passionate and driven and, above all, we believe that anything is possible with a little imagination and a lot of know-how.

Why Consultant?

The generation of new clients, the ongoing relationship management with existing clients and the successful management of projects are essential to the growth, security and prosperity of the company.

Role Objectives and Aims

Objectives of the role will be to:

1. Provide a high level of relationship management and liaison with existing clients
2. Design project scopes, plans and deliverables and gain agreement for these from the client.
3. Project management of teams within Heron ED and have ultimate responsibility for timelines and quality of finished/delivered works
4. Ensure all the staff under their guidance are adequately supported, motivated and directed
5. Communication of major project deliverables to key client contacts

Your Profile

- Educated to university degree level or equivalent, in an appropriate scientific discipline. If not trained in health economics then the individual must be undertaking appropriate professional development
- A high degree of understanding of the Swedish healthcare system and international healthcare agencies and their interaction with the pharmaceutical industry
- Experience and knowledge of working with global functions in the healthcare industry
- Strong consultancy selling skills
- Good supervisory skills
- Strong project management attributes
- Good presentation skills
- Ability to chair/lead meetings with senior client representatives
- A high degree of written accuracy and attention to detail
- Exceptional communication skills, especially in the relaying of technical information and project concepts.
- Flexibility
- Determined
- Self motivation
- Highly ambitious
- Full driving licence
- Computer-competent

Your Reward

- Salary Band: Competitive
- Performance Review: 6-monthly
- Salary Review: Annual
- Eligible for performance related bonus [based on company performance]
- Mobile Phone: fully expensed for work related calls
- Training

Cons Job Description

Your Base

You will be based in Heron Evidence Development AB offices. Currently the Nordic office is located in the Stockholm city centre. Work will be balanced within the office and client sites with regular attendance at national and international meetings required.
